“ I meet Deaon in 2016. I just found out this morning about Deaon. And not only am I in shock but my heart is broken. 💔😞 When he was working at Johnson City Medical Center, I was there in The emergency room (they had no empty beds so I was in the hall), he seen me and helped me (as the nurses wouldn't. I guess because they were short handed on staff- but that in its self is not a good excuse). I was unaware just how sick I was but my body organs etc were shutting down. And even tho Deaon was very busy doing his job he took the time to help me and to constantly check on me. When he got off work he would come and visit me in my room(I had been admitted). Even tho I know I may never know what happened to him, I will always keep his momma and family in my thoughts and prayers. Deaon we never did get the chance to see other each other to catch up but I will ALWAYS cherish our phone conversations and knowing you. May GOD wrap his arms around your family and friends to comfort each and everyone of you. I would have attended your services Deaon if I had known. Fly high my friend May you Rest In Peace.
