“ Allen, This doesn't feel real that you are gone. We have been friends for so many years. I will miss our talks. You were my sunshine. Hoping to help find a good home for Angel. I know she is in emotional pain not knowing where you are. I know how much you loved her. Fly high with the Angels. Until we meet in Heaven. You will always be in my heart.

“ *Allen, was like a father to me for many years. I loved him and he loved me. Even after he came back to Tn to live, we kept in touch. He checked on me and saw how I was doing after my treatment as I did him. When your already fighting such a battle, this just hits so hard. I will continue fighting for the both o us as hard as I can. Rest easy now, enjoy your family, love you until I see you again....*

“ I remember in 7th grade, living on army hill across the street from each other. We were like brothers, all of us, the whole family. He always had my back. This is all so surreal. I can't believe he is gone. It's as if I've always missed Allen. When he moved away, when i moved away and now this. This is a tough one. Another tough one from my family afar. Still missing you all.

“ I have so many memories of Allen. He was so nice to me always and I remember that one night, after a HS dance, I couldn't get my car started. He rolled up beside me, got out and got it started so I could go home. Fly high my brother!

I have just heard the tragic news about Allen. May God give comfort and peace to you his family. Now and then our paths would cross and we would always talk about our high school prom night and our infamous photo and dance! I will miss his beautiful smile and his teasing telling me how mean I was!
